REDUCED DRAWINGS BY CRUIKSHANK—IN THE NEW NATIONAL DICKENS

The Best Edition of Dickens Ever Published

Is Now YOURS At An Amazingly Low Price

The superb National Edition of Charles Dickens' Works was published in London, a few years ago, as a special memorial to this famous author. It contained much rare and new material to be found in no other edition, and took its place at once as the only complete and definitive text.

We have reprinted in this country the NEW NATIONAL DICKENS, with the distinctive rare features of the high-priced English edition—the same large type, quaint illustrations—but offer it at about one-eighth the former price of the English edition, which sold at \$4.20 a volume.

Fifty Cents a Volume—Instead of \$4.20!

This Is the Only Edition

Printed from extra-large type on a special finish Bible paper, making handy-size books easy to hold and read. It is the only large type Dickens with ALL the author's writings, and many other exclusive features.

We Can Slash the Prices

Because we print and bind in large editions at low cost, and distribute economically. We deal direct with you, thus saving you an agent's commission, and other middlemen's profits. You get full value in BOOKS.

The Perennial Charm of Dickens

To read Dickens is to love him. No other author awakens such downright affection in the reader's heart. Open any one of his matchless stories and at once you lose all track of time. You are transported to Dickens-land and meet and greet his immortal characters. Year by year the books of this well-beloved author are sold by the tens of thousands, and still the demand increases. If you haven't Dickens in your library, you have denied yourself one of the richest of literary treats. The New National Edition is for sale at leading bookstores.

The Grand Prize and Medal of Honor The Two Highest Awards

Both Won by The

Encyclopaedia Britannica

At the Panama-Pacific Exposition

The Encyclopaedia Britannica was awarded at the Panama-Pacific International Exposition the *Grand Prize* and *Medal of Honor*—the two highest prizes. The Committee of Awards decided that the Britannica, both as a book and as a means of education, was supreme.

This award gives official sanction to what has always been recognized as beyond dispute; namely, that The Encyclopaedia Britannica was the best work of general information, the highest authority. It confirms the popular verdict, which has been expressed by the sale within a short time of 75,000 sets of the Cambridge University issue, for which the public paid over \$14,000,000.

The Encyclopaedia Britannica, Cambridge University issue, is printed on India paper from large type, with large pages and wide margins, this being the form that has hitherto been associated with The Encyclopaedia Britannica since the first edition—1768.

We sell this issue in the several bindings at the following cash prices:

Cloth Binding	\$166.75	Limp Suede Full Leather	\$255.25
Flexible Green Sheepskin Full Leather	203.25	Genuine Red Morocco Full Leather	267.50

Subscribers may, if they wish, pay only \$5.00 down and \$5.00 a month at slightly more than the above cash prices, the complete set of 29 volumes being sent on receipt of the first payment.

Cut Out and Mail

I am interested in the Cambridge issue of the new Encyclopaedia Britannica. Please send me your Illustrated Pamphlet with specimen pages, and particulars of prices, bindings, monthly payments, etc.

34

It is only fair to state that we have arranged with Sears, Roebuck and Co. of Chicago, for the distribution by them of the Encyclopaedia Britannica—guaranteed complete and unabridged—in a "Handy Volume" issue, the 29 volumes being smaller in size, and therefore produced at a lower manufacturing cost. These sets will be sold for cash at \$58.88 (Cloth); \$68.54 (Full Sheep Morocco); \$81.88 (Three-quarter Levant Morocco); and \$92.00 (Full Levant Morocco); or, at slightly higher prices for \$1.00 down and monthly payments of \$3.00, \$3.50, \$4.00, or \$4.50, according to binding.

Anyone interested in this new form of The Encyclopaedia Britannica should apply directly to Sears, Roebuck and Co., Chicago.

You can get full information about The Cambridge University issue of the Encyclopaedia Britannica if you cut out and mail to us the inquiry form; we will then send you a large pamphlet, together with specimen pages, illustrations, maps, reproductions of bookcases, an order form, etc.

IT TOOK A GENIUS TO WRITE THIS LOVE STORY

MORGAN ROBERTSON'S genius leaped beyond the conventional love story. In this idyll of young love he pictures man and woman in conditions as primitive as when Adam found Eve.

The story—"The Three Laws and the Golden Rule"—is found in the new McClure-Metropolitan edition of Robertson. It continues the narrative told in "PRIMORDIAL"—of the boy and girl shipwrecked on a desert island. It shows how each life responded to the instincts of the race. The reader sees vividly unfolded in these two young lives the whole drama

of human existence. The world's first wooing was like this. The new edition is a treasure trove to the lover of unusual, absorbing stories. It contains "Sinful Peck," a novel of 70,000 words—Morgan Robertson's master creation. "Sinful Peck" belongs in the same immortal company with Long John Silver and Robinson Crusoe," said Irvin S. Cobb.

These stories throw you among Chinese pirates, hypnotists, stowaways, undersea creatures. They take you into the mysterious realm of Personality. They make you hunger for more. Here's how you can get them:—

MAKING A DREAM COME TRUE

Morgan Robertson never got any real reward for his work. He grew old—and poor. Last March he died. Before his death, however, he had the satisfaction of seeing the McClure Publications and Metropolitan Magazine undertake to gain him his rightful place in literature—the place he deserved in the hearts of his countrymen, and the money necessary to enable his wife and him

to spend their last days without hearing the howl of the wolf at the door. HIS DESIRE, WHEN DYING, WAS THAT THE SALE OF HIS BOOKS WOULD PERMIT HIS DEVOTED WIFE TO LIVE WITHOUT WANT. WILL THE AMERICAN PUBLIC GRANT HIM HIS LAST WISH? THAT'S WHAT WE PROPOSE TO FIND OUT. YOU answer YES when you send in your order for this new four-volume edition of Morgan Robertson's Works, together with a year's subscription to McClure's Magazine, Metropolitan, and Ladies' World. We will pay for the books. We will pay the carriage charges on them. WE will pay Mrs. Robertson a generous royalty—if you will pay for the magazines less than they would cost you at the newsstands, and you may pay for your subscriptions in easy monthly payments.

WHAT ONE READER SAYS:—

Sept. 24, 1915.

"Gentlemen:—For the love of Mike, please tell me where I can secure more of Morgan Robertson's stories! I own the four books which you offer—have read them from 'kiver to kiver,' and believe with Irvin Cobb that his sea stories are the best ever written by an American. I want to hear some more about poor old Finnegan, who was no good unless drunk, and Lieut. Breen and Capt. Swarth and the rest of them."

"Power of Will"

—THE BOOK THAT STARTLED THE WORLD

Let Me Lend It to You for 5 Days Free—Send No Money

Rarely, if ever, has a book been published which has created such a sensation. In the last few months over 100,000 thinking men and women have become owners of "Power of Will" and unless every sign fails this number will be doubled almost before this announcement goes to press.

Wherever one goes, people are discussing the wonderful discoveries and new-found secrets of achievement laid bare for the first time in this great work—by Frank Channing Haddock, the famous scientist—secrets which enable any man or woman to train his or her will into a faculty of almost magical health and money-winning power.

How to Strengthen the Will

Everyone knows what can be accomplished by exercising the brain. Our whole educational system is founded upon the theory that brain can be developed in proportion to the amount of intelligent exercise and use to which it is put.

For years scientists have known that the same is true of the will—that the will can be made indomitable by intelligent exercise and use.

The trouble has been that until now no one has ever devoted their attention to the cultivation of the will. And since we have never been taught to use it, most of us don't know how. We float along carrying out other people's will simply because our own will has become scotched and dormant from lack of use.

A Complete Course

"Power of Will," while bound in book form, is in reality a complete course in Will Training—the first ever conceived. The author, Dr. Haddock, has devoted years to the most profound analysis of the will in human beings. Yet every step in the 28 fascinating lessons is written so simply that anyone can understand them and apply the principles, methods and rules set down with noticeable results almost from the very start.

A Veritable Godsend

"Power of Will" has pulled men out of the gutter and put them on the road to self-respect and success—it has enabled men to overcome drink and other vices almost overnight—it has helped overcome sickness and nervousness—making thousands of sick people well—it has transformed unhappy, envious, discontented people into dominating personalities suffused with the joy of living—it has enabled people who had sunk deep into the grooves of a rut to pull themselves out and become masters instead of the blind tool of circumstance—it has reawakened ambition in men and women who had been turned from their life purpose and given them the courage and confidence to build anew—it has converted failures in business into spectacular successes—it has enabled successful men to undertake even bigger projects by showing them how to use the power they already possess with even more telling force.

Send No Money—Examine Book First

Although "Power of Will" is a 400-page, leather bound book containing more material than any \$25 correspondence course the price is only \$3.

The publishers will gladly send a copy free, for five days' inspection. Send no money now. Merely mail the coupon on the left, enclosing your business card, or giving a reference. If you decide to keep the book, send the money. If not, mail the book back. Tear out and fill in the coupon now, before you turn this page.
